No 42**

## **SUSTAINABILITY OF ENERGY SUPPLY AND RESOURCES IN NSW**

**Name:** Olivier La Mer-Adair

**Date Received:** 19 August 2019

Dear Parliamentary Committee into energy,

Please invest in and facilitate renewable energy over polluting, non-renewable fossil fuels (including coal, uranium, and earth gases). Please be responsible, and value our future, our ecology, and our ethics, by supporting the transition to sensible renewable energy sources now and into our future.

Sincerely,

Olivier La Mer-Adair
