**ANTI-DISCRIMINATION AMENDMENT (RELIGIOUS FREEDOMS AND
EQUALITY) BILL 2020**

Firstly let me say that as a Christian Minister I appreciate the chance to give a submission to this inquiry.

And that I am glad to see that this bill is looking to strengthen our religious freedoms here in this state of NSW.

For sadly, I have witnessed over recent years the erosion of our precious freedoms by those who have subtly come in by stealth to undermine with their carefully crafted agendas.

These individuals can only be described as 5th columnists.

They are well funded & normally well connected & have infiltrated our organs of government & civil society at all levels.

Their plan has been obvious to even the most short sighted, & their effect has been enormous.

Call it a take over if you will.

And due to the causes that they have thoughtfully initiated.

The leaven of their causes, has taken **effect** upon the whole lump.

Their battle cry has been 'Tolerance' , but in reality..... their tolerance is really total 'Intolerance' to any & all who oppose their plan of control & destruction of Western Civilization.

These minorities, only want control of the narrative & freedom to litigate any who would dare oppose them or their plan.

They want a licence to do whatsoever they will, **with definitely NO boundaries or fences.**

But on the other hand, these 'would be' tyrants want the majority to be shackled & gagged.

So as a Christian Minister, I believe that we now need to see a restoration of our basic Religious Freedoms.

Which have been believed on, fought for, upheld, & loved by all freedom loving peoples.

And from which our Nation's stability, prosperity & health has been founded upon. Not only Physically, but Mentally and also Spiritually.

And our families, have been strengthened, & these families have produced the type of people that have made this nation great today.

So here are some of the Religious Rights that need to be enshrined so as to protect Australian's Rights.

The Right to worship God freely as each sees fit.

The Right to worship Jesus Christ as the living Creator without impedance from the police or government.

The Right to believe & teach & preach the Bible without impedance from the police or any thought police. **And any version of the Bible at that.**

The Right to teach your children the beliefs that parents feel are needful without interference from the police or government.

The Right to raise your children without any government interference .

The Right for the parents to make decisions in regard to their own children's welfare without government interference.

The Right to gather together & to fellowship without fear or interference from government or the police.

The Right to NOT have the Perversion of sex education taught to young children in the care of the NSW education department. Pushing depraved agendas.

The time has come for ordinary people to rise up in defense of their Religious freedoms which are in 2020 in danger of being totally taken from them.

And to defend against government interference, **so as to classify religious believers as 'Untrustworthy'**like communist China. or other communist State.

So please pass this bill to ensure that we can have some common sense in a world that has gone mad.

So restore some confidence among the people of NSW, in the organs of government in this state of New South Wales,for we are now in great need for this bill to be passed.

Again thank you for allowing me to submit to this inquiry,

Kindest regards,
