**ANTI-DISCRIMINATION AMENDMENT (RELIGIOUS FREEDOMS AND
EQUALITY) BILL 2020**

Religious discrimination law

Dear Sir/madam, I am concerned re protection for people who believe in the teachings of Jesus in the bible. I would like a bill stating that people are able to express these teachings in love , without coercion and without people feeling abused or hurt because the bible teachings disagree with their behaviour. Christianity is the basis of our laws and we need to uphold the teachings even if they disagree with our actions or behaviour , eg marriage , killing babies in the uterus or killing someone prior to their allotted time of death , ie euthanasia. Thanks for considering this statement, Yours faithfully, Peter Coleman
