EQUALITY) BILL 2020**

**I write in support of Mark Latham's bill on religious freedoms**

I am writing to support Mark Latham's bill on religious freedom

The Ruddock Review on religious freedom made a specific recommendation that religious freedom be better protected in NSW. As things currently stand, **Christians and other people of faith remain vulnerable to religious discrimination of many kinds**. Mark Latham's bill substantially addresses these issues

I realise this is late but I am submitting it in the hope my contact will be included as a supporter of the bill before parliament.

Kind Regards  
Tina Kennedy
