SUPPORT FOR RURAL AND REGIONAL LEARNER DRIVERS

Name: Mr Peter Bright

Date Received: 10 May 2021

My big plea for our learners is for them to be taught how to drive, not just how to get a licence. The first time many of them have to respond to an emergency situation is when their life depends on it. There also needs to be a raising of awareness of the level of risk involved in driving and being involved in a Motor Vehicle Accident.
