**OPTIONS TO IMPROVE ACCESS TO EXISTING AND ALTERNATE
ACCOMMODATION TO ADDRESS THE SOCIAL HOUSING SHORTAGE**

Organisation: Warren Shire Council

Date Received: 5 August 2021

Warren is a small rural remote community with no investment interest from private developers.

The aging sector housing is full with a substantial waiting list resulting in the elderly entering full time care and losing their independence.

The lack of public housing also has resulted in the supply and demand increasing rental costs, as those houses that are demolished are not rebuilt.

The lack of variety of housing (units in particular) also impacts upon the community.
