## **SPEED LIMITS AND ROAD SAFETY IN REGIONAL NSW**

**Name:** Mr Jerone Bodiam

**Date Received:** 24 June 2022

I have been driving and riding roads through NSW country for 40 years I average 65000k a year, the speed limits on most roads are way to slow for driving today, also in some cases you are changing your speed 5 time in as little as 15k, this makes for a massive distraction as you have to continually watch you speedo, and on west roads a100k per hour is way to slow for large distancers and is so fatiguing it is killing people.
