## **E-CIGARETTE REGULATION AND COMPLIANCE IN NEW SOUTH WALES**

**Name:** Mr Graeme Hutchison  
**Date Received:** 25 October 2023

Partially  
Confidential

Hi

I recently wrote to Liesl Tesch MP for Gosford about the location of a shop selling vapes in close proximity to [REDACTED] School. I attach a Google Maps picture of [REDACTED] and the proximity to a Primary school.

While the Tobacconist has every right to setup a shop and sell items that are legal, I take issue with the proximity to a school, particularly with the Media coverage (for example <https://www.news.com.au/lifestyle/parenting/school-life/alarmed-new-report-on-aussie-teens-using-ecigarettes/news-story/71080d743dc35286c0792808278e95a8>) around the negative health impacts.

While considering the regulation and compliance, perhaps a change in the law to remove these shops from the vicinity of schools might be something to consider.

Thank you for your consideration.

Graeme Hutchison
