CRITICAL TRANSPORT INFRASTRUCTURE SUPPORTING THE WESTERN SYDNEY INTERNATIONAL AIRPORT AND WESTERN SYDNEY AEROTROPOLIS

Name: Name suppressed

Date Received: 9 February 2024

Partially
Confidential

Extending the Leppington station to a light rail that will stop at the new Western Sydney airport. This infrastructure needs to be made available by the time the airport becomes completed. If not getting to the airport will be impossible for residents living in the Austral/Leppington area. It would be easier for they local to just go straight to Mascot Airport via the train.
