

**Submission  
No 16**

**THE IMPLEMENTATION OF PORTFOLIO COMMITTEE No. 2  
RECOMMENDATIONS RELATING TO THE DELIVERY OF SPECIFIC HEALTH  
SERVICES AND SPECIALIST CARE IN REMOTE, RURAL AND REGIONAL NSW**

**Name:** Mrs Julie Kay

**Date Received:** 13 April 2024

Why does our new Macksville Hospital ,not have,simple things,like MRI machines. And other equipment that most hospitals have?Majority of patients with severe conditions,like stroke heart attacks,and other serious illness .

Have to wait in Macksville hospital until there is a bed available at Coffs Harbour.Why build a beautiful big hospital in a regional town with tax payers money,and have it partially empty no equipment.

Not good because the community is relied upon to do fundraisers?
