## **HISTORICAL DEVELOPMENT CONSENTS IN NSW**

**Name:** Ms Jayne Boughton Manning

**Date Received:** 27 May 2024

The proposed development at Tura Beach and Mirador is a direct threat to endangered species of flora and fauna in the area. This is an old growth bush area, and no allowance has been made for wildlife corridors or waterways in this zombie development approval. Please reconsider the approval for this development to go ahead. Thank you - Jayne Boughton Manning
