

**IMPACTS OF THE WATER AMENDMENT (RESTORING OUR RIVERS) ACT  
2023 ON NSW REGIONAL COMMUNITIES**

**Name:** Mr Paul Rogerson

**Date Received:** 27 February 2025

I own and operate a airborne spraying operation servicing local irrigation farmers in the Griffith area. I employ over 20 staff members with families living in the area using local services. I am very concerned about the impact the water buy backs will have on my business as we rely on farmers growing crops that require our services. I would like a proper inquiry to look seriously at the impact the water buy backs could have on our local economy and the viability of business that rely on the irrigated agriculture to survive.
