**HEALTH SERVICES AMENDMENT (SPLITTING OF THE HUNTER NEW
ENGLAND HEALTH DISTRICT) BILL 2025**

Name: Ms Wendy Davison

Date Received: 27 March 2025

As a resident within the Hunter New England Health District I would have grave concern if the Hunter area was separated from that of New England Northwest.

People living in the more regional areas of New England North West who present with complex or urgent medical problems are frequently referred to John Hunter Hospital where the facilities are superb. If this access became no longer readily available the main hospital would be Tamworth
