**IMPACTS OF THE WATER AMENDMENT (RESTORING OUR RIVERS) ACT
2023 ON NSW REGIONAL COMMUNITIES**

Name: Mrs Barbara Duff

Date Received: 14 April 2025

I wish to object strongly about unlicensed capture of contaminated water. In the case of Bowdens Silvermine at Lue, any contaminated water will flow into Lawson's Creek, which flows into the Cudgegong River which flows into Burrendong Dam with the overflow going through the Macquarie Marshes wetlands before finishing up in the Darling River. That event would be a disaster!
