**THE SAFETY AND QUALITY OF HEALTH SERVICES PROVIDED BY NORTHERN
BEACHES HOSPITAL**

Name: Mrs Elizabeth Robertson

Date Received: 22 April 2025

I have been a patient since the hospital opened. I have been cared for in the cancer Clinic [transferring from Manly hospital], mostly attending every three weeks for medical treatment in recent years. In this time I have attended specialists, radiology and pathology services frequently. I have also been admitted five times for day surgeries and longer stays. I have attended the emergency department three times and have always had the most caring and highly professional experts to treat me.

In all my admissions and day care I have had no issues of concern, in fact I've been totally satisfied with the empathetic care and treatment. I highly recommend the hospital.
