BEACHES HOSPITAL**

Re Northern Beaches Hospital

Many thanks to the MPs who arranged and Ministers who attended the meeting at DY RSL last night. A tribute to our democracy.

Is it possible to consider the government imposing those conditions it requires so that even privately operated public emergency facilities would meet public expectations. It just seems undoing the legal mess will not be achieved in a reasonable time so let the private operators continue to bear the responsibility for their financial decision in entering into this profit seeking arrangement. Tks.
