No 11**

**HEALTH SERVICES AMENDMENT (SPLITTING OF THE MURRUMBIDGEE  
LOCAL HEALTH DISTRICT) BILL 2025**

**Name:** Mrs Kathy Maslin

**Date Received:** 3 November 2025

It is of utmost importance that the MLH are be split into two far more practical LH districts. Griffith has a brand new hospital but still cannot to the most basic of procedures. The cumulative costs of sending patients to Wagga for basic procedures would surely make it more fiscally responsible to have two HDs. The costs to rural and remote patients must also be factored into the equation. Travel, accommodation and time away from family is also an important factor. I am in total support of splitting up the MLH districts.
