1. That this House recognises the distinguished service and bravery of the Korean War veterans in their line of duty.
2. That this House notes that:

(a) on Saturday 7 July 2018, the Korean War Veterans’ Annual State Reception was held at Government House, Sydney,

(b) a number of attendees were present at the event including:
   (i) His Excellency the Honourable TF Bathurst AC, Lieutenant-Governor of New South Wales,
   (ii) the Consul-General of the Republic of Korea, Yoon Sangsoo,
   (iii) the Premier, the Honourable Gladys Berejiklian MP,
   (iv) Minister for Counter Terrorism, Minister for Corrections and Minister for Veterans Affairs the Honourable David Elliott MP,
   (v) the Honourable Lynda Voltz MLC, and

(c) the event honoured the service of the Korean War veterans, and commemorated the fallen.

3. That this House acknowledges the 17,000 Australians who served in the Korean War, of whom 340 made the ultimate sacrifice, and the 66,000 New South Wales residents of Korean descent who play an integral role in positively shaping our community.

(Notice given 15 August 2018—expires Notice Paper No. 185)

2500. Mrs Maclaren-Jones to move—

1. That this House recognises Men's Shed week 2018 is celebrated from Monday 24 September to Sunday 30 September.

2. That this House commends:
   (a) the Australian Men's Shed Association (AMSA) who enable men to maintain a healthy lifestyle, and overall good wellbeing, and
   (b) the hard work of the members of New South Wales Men's Sheds to complete projects for their local communities.

3. That this House notes that Men's Sheds address the need for meaningful activities to be accessible to men, by providing a safe and welcoming work-environment within their local communities.

4. That this House recognises the work completed at Men's Sheds are an integral and positive contribution to the local community.

(Notice given 27 September 2018—expires Notice Paper No. 192)

2511. Mr Field to move—

1. That this House notes the systemic and serious breaches of gambling laws in this State and the bullying, conflicts of interest, regulatory capture and special treatment that has become the hallmark of the relationship between the gambling and racing industries and their broadcast partners in New South Wales and the major political parties in New South Wales, including:
   (a) the decision last weekend by the New South Wales Liberal and National Parties to sign a new agreement with Clubs NSW that in effect protects profits for New South Wales clubs while restraining the Government from taking steps to reform poker machine regulations in the public interest, with these agreements representing an unmanageable conflict of interest that should not be able to be signed by any political party or candidate,
   (b) the appalling recent bullying of the Chief Executive Officer of the Opera House, Louise Herron, by 2GB radio broadcaster, Alan Jones,
(c) the decision of the Premier to override the Chief Executive Officer of the Opera House to allow Racing NSW to promote The Everest horse race on the sails of the Opera House, against the Opera House branding policy and against community expectations that the Opera House not be used for the benefit of the racing and gambling industries, and the unequivocal support of New South Wales Labor to use the Harbour Bridge for The Everest promotion,

(d) the special treatment of the racing industry by the Government in exempting racing broadcasts and racing-specific gambling platforms from inducement to gamble laws that were designed to reduce gambling harm,

(e) the significant increase in racing-related gifts to Liberal and Labor Party members of Parliament since 2014/15 as acknowledged in recent disclosures with Sports Minister Stuart Ayres and Labor Leader Luke Foley being the largest individual recipients,

(f) the admission by Woolworths in August 2018, following allegations in February, that staff at its ALH hotels collected personal information on high turnover poker machine players and shared the data among its hotels to enable staff to encourage them to increase their losses and offered free drinks to high value customers to encourage further gaming activity, and that despite almost eight months passing since the allegations were first raised, there has been no action by the Government,

(g) the practices of Dee Why RSL in compelling and rewarding players to remain on poker machines that have been publicly linked to the suicide of Gary Van Duinen in June 2018 and the failure of the Government to meaningfully respond to those practices,

(h) the failure of governance at the Illawarra Steelers Club that allowed unconscionable practices of providing free alcohol and large cash advances to poker machine players to continue for some time, and that despite a substantial fine, the behaviour points to systemic problems of this sort within the industry, especially given the Chairman of the Steelers Club is also the Clubs Australia President and the Chairman of Clubs NSW,

(i) the failure of the Government to meaningfully and transparently investigate possible poker machine tampering in New South Wales following whistleblower reports of systemic poker machine tampering at Crown Casino in Melbourne,

(j) the escalating profits of the poker machine industry in New South Wales which is expected to reach $7 billion per year by 2021 despite claims by the Government of efforts to reduce gambling harm, and recent legislative changes which implement some of the Government’s 2014 Memorandum of Understanding have only further increased profit forecasts and were supported unequivocally by the New South Wales Labor Party,

(k) the 60 per cent racing wagering tax cut announced in the 2015 State Budget, which was a key campaign of New South Wales Labor in the 2015 State Election, and the write off of a $10 million dollar loan to the racing industry,

(l) the revolving door between major political parties and the racing and gambling industry illustrated by, but not limited to, former Liberal Premier Barry O’Farrell who is now the Chief Executive Officer of Racing Australia and former Federal Labor Minister Stephen Conroy, now Executive Director of Responsible Wagering Australia, and

(m) the ongoing substantial political donations made to the Liberal, National and Labor Parties in Australia by the gambling industry including in the most recent Federal disclosures for 2016/17 $614,825 to the Liberal Party and $419,234 to the Labor Party.

2. That this House also notes the devastating consequences of gambling harm in the New South Wales community and that New South Wales has the highest per person per year gambling losses of any jurisdiction in the world.

3. That this House calls on the Government to initiate a Special Commission of Inquiry into the impact of the gambling and racing industries in New South Wales and the influence of the gambling and racing industries on New South Wales political parties.
2516. Mr Field to move—

That, under standing order 52, there be laid upon the table of the House within 7 days of the date of passing of this resolution the following documents in the possession, custody or control of Infrastructure NSW:

(a) the source documents that informed the 'Resilient Valley, Resilient Communities - Hawkesbury-Nepean Valley Flood Risk Management Strategy',

(b) the cost benefit analysis of the alternative measures to the proposed Warragamba Dam project to raise the wall of Warragamba Dam and to operate the dam for the purposes of facilitating flood mitigation downstream of the dam, and

(c) any legal or other advice regarding the scope or validity of this order of the House created as a result of this order of the House.

2535. Mrs Taylor to move—

3. That this House acknowledges the difficult journey faced by those touched by breast cancer, including those diagnosed, their families and their medical teams.

2537. Mr Pearson to move—

1. That this House commends Rabbi Kamins of the Emanuel Synagogue at Woollahra in urging the members of his congregation to consider the moral issue of climate change.

2. That this House notes the wisdom of Rabbi Kamins’ words:
   (a) "Climate change has the potential to destroy life on this planet as we know it, ironically not by a 'flood caused by God', but droughts and disastrous weather caused by us", and
   (b) "In light of the recent report from the Intergovernmental Panel on Climate Change (IPCC) showing the urgency of the climate situation, people need to vote to protect creation".

2538. Mr Fang to move—

1. That this House notes that:
   (a) this month will mark 150 years of the Riverina’s most enduring newspaper, The Daily Advertiser,
(b) The Wagga Wagga Advertiser, as it was initially called, was founded in 1868 by pastoralists Auber George Jones and Thomas Darlow, with Oxford graduate Frank Hutchinson as its inaugural editor,

(c) according to the Charles Sturt University Regional Archives, the paper’s aim when it was first founded was to ‘give proper importance to the subject of agriculture and to be devoted to people from all socio-economic levels’; and

(d) the first editorial of The Daily Advertiser stated that ‘the one end of our existence will be the welfare of the community with whom we have this day so confidently cast our lot’.

2. That this House recognises:

(a) The Daily Advertiser has covered every aspect of the Riverina including sporting and cultural events, politics, natural disasters, current affairs and the ever changing landscape of the region, and

1. That this House notes the following motion passed by the Anglican Diocese of Canberra and Goulburn, which was forwarded to all political parties in Canberra, New South Wales and the ACT as follows:

"The Anglican Church of Australia covers a broad section of the community. It is observed that current Federal leaders are preoccupied with internal matters and disconnected from the communities they represent. Consequently this Synod:

1. Affirms the Christian values of kindness, compassion, and the intrinsic value of each person;

2. Laments that kindness, compassion and treating people with dignity are being eroded in our society, as we see, for example, in:
   a. Treatment of some asylum seekers and refugees resulting in significant physical and mental health problems and the separation of families;
   b. Persistent inequality and the winding back of income safety nets;
   c. Fear-mongering and division, instead of fostering social harmony and unity; and
   d. Policies that undermine the capacity of charities to speak out against wrongs.

3. Asks the Vicar General to write to the leaders of all parties currently represented in the Commonwealth, New South Wales and the Australian Capital Territory Parliaments advising them of 1 and 2 and asking them to have kindness, compassion and innate dignity of each person guide their policies, decision-making and behaviour."

2. That this House accepts the criticism of current politics and commits from this day on to prioritise values of kindness, compassion and treating each person with innate dignity in our work on behalf of the people of New South Wales.
