LEGISLATIVE COUNCIL

NOTICE OF MOTION

The Honorable Daniel Mookhey MLC says -

Mister President:

I give notice that on the next sitting day I will move that this House notes that:

- 1) On 22 November 2017 Streets Ice Cream and members of the Australian Manufacturing Workers' Union reached an in-principle agreement to settle their industrial dispute, by agreeing to maintain both their existing enterprise agreement, and other long-standing workplace conditions.
- 2) This agreement followed a community boycott, and social media campaign, in which tens of thousands of Australians abstained from the purchase of Streets products to protest management's attempts to cut workers' pay by 46%, by unilaterally terminating the company's enterprise agreement.
- 3) That this House congratulates:
 - a) Streets Ice Cream workers for their solidarity and workplace activism, which sustained the long campaign that led to victory; and
 - b) The Australian Manufacturing Workers' Union and Australian Council of Trade Unions for supporting the Street Workers, and for leading the community boycott; and
 - c) The NSW Young Liberals for their unsolicited endorsement of Streets Management's actions, which was crucial in building public support for the boycott and Streets Workers.
 - d) All Australians who, heretofore in solidarity, boycotted Streets products pending the Streets Management's withdrawing their application to terminate their enterprise agreement.

Signed: 

Dated: 22/11/17

Notice of Motion

Justin Field MLC

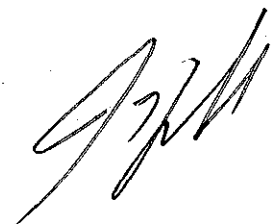

23 November 2017

1) That this House notes that:

- a) The December 2016 decision of the NSW Land and Environment Court in favour of Liverpool City Council to reject a proposal by the De Angelis DHI group to build a late-night trading hotel with poker machines in Casula at the site of the Fontainebleau Motor Inn.
- b) The rejection was based on social impact grounds and followed a community campaign led by the Casula Community Group for Responsible Planning.
- c) The hotel if constructed would have been within 140metres of a primary school, an aged care facility and a women's refuge.
- d) Recent changes liquor licencing laws and planning laws have restricted or eroded the rights of impacted communities to object to certain proposals, including on social impact grounds.
- e) There are community concerns that the De Angelis DHI group may bring a new proposal to try to take advantage of the weaker laws, despite the unequivocal judgement of the court regarding the proposals social impacts on the Casula community.
- f) The decision of the NSW Legislative Council to support a motion by Dr John Kaye of 18 June 2014 that called on the Liverpool City Council to reject the original application by the De Angelis DHI Group.

2) That this house calls on the De Angelis DHI group to respect the decision of the court and the objection of the community and to permanently abandon plans for a hotel with poker machines on the site.

3) That this house calls on Liverpool City Council to take steps it can to ensure the site is not used for unsuitable hotel and gaming related businesses in the future.

 23/11/17

- 4) That this house acknowledges the ongoing work of the Casula Community Group for Responsible Planning in protecting the interests of the Casula community.

LEGISLATIVE COUNCIL

NOTICE OF MOTION

The Honorable Daniel Mookhey MLC says -

Mister President:

I give notice that on the next sitting day I will move that this House notes that:

- 1) Two weeks ago I had the pleasure of visiting the towns of Cobar, Coonamble, Coonabarabran, Bourke, Walgett, Warren and Nyngan.
- 2) Thank you to Mayor Rex Wilson, Ray Donald, Lilliane Brady, Barry Holman, Phil 'Ocker' O'Connor and Ian Woodcock for their incredible hospitality. Thank you to every council, community group, land council, resident and small business for giving up their time to speak to me.
- 3) These people are passionate advocates for their communities; they deserve better from the Liberal-National Government.
- 4) Western NSW is hurting from exploding electricity prices, water mismanagement and maladministration, and cuts to services.
- 5) The NSW Government boasts of record profits from privatisation, but the electorate of Barwon is missing out.

Signed:

LEGISLATIVE COUNCIL

NOTICE OF MOTION

Mr Farlow says—

Mr PRESIDENT:

I give notice that on the next sitting day I will move:

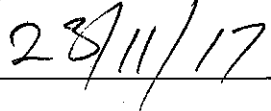

That this House notes that:

1. On Wednesday 4 November, the 1st Annual NAIDOC Ball was held at Lake Cargelligo, in Central NSW;
 - (a) the ball was held by Murrin Bridge Aboriginal Health Service and Murrin Bridge Local Aboriginal Land Council as a celebratory event to mark the achievements and cultural history of Aboriginal and Torres Strait Islander people as part of NAIDOC week, and
 - (b) attendees of the event included Committee Members Mr Jaime O'Neill, Ms Rebecca Keeley, Ms Narelle Hall, Mr Shane Phillips, Mr Paul McFadyen, Ms Lana Masterson, Ms Vicki Bell, Ms Carmel Gleeson among Elders Margaret and John Harris, Robert King, Merle Clarke, Kay Clarke, Bridget Cromelin, Jean Fraser, Dorothy Johnson, as well as Special Guests and Dignitaries Councillor Craig and Anita Cromelin, Deputy Mayor Paul and Denise Phillips, Mayor John and Jane Medcalf, Councillor Mark and Susan Hall, Deborah Szapiro, Michael Day, Robyn Quiggan, Allan Teale and the Hon Scott Farlow MLC.
2. This House acknowledges:
 - (a) the profound resilience and motivational work carried out by members of the community at Euabalong and Lake Cargelligo to build a better future for the children in the community,
 - (b) the essential need for support of Aboriginal and Torres Strait Islander communities such as these so that they may continue the hard work and dedication to bettering their community's resources and facilities,

- (c) the importance of remote communities such as Murrin Bridge and others in aiding children and young people to access better health services, further their education interests and develop skills necessary for future employment,
 - (d) the support for the project from the University of Technology Sydney's Faculty of Design, Architecture and Building in providing support to the local community of Murrin Bridge and Cargelligo.
3. That this House congratulates the organisers of the Murrin Bridge Aboriginal Health Service and Murrin Bridge Local Aboriginal Land Council Annual Ball and the role this plays in kick starting and developing conversation aimed at aiding remote communities in accessing and receiving vital support.
 4. That this House also thanks Vice-Chancellor, Professor Attila Brungs and the Pro Vice-Chancellor (Indigenous Leadership and Engagement) Professor Michael McDaniel, and the staff of the Jumbunna Institute for Indigenous Education and Research.

LEGISLATIVE COUNCIL

NOTICE OF MOTION

Mr Shoebridge says—

Mr PRESIDENT:

I give notice that on the next sitting day I will move:

That this House:

- (a) gives its strong support to the National Firearms Agreement including the requirement that any gun owner must have a genuine reason for a firearms licence and a good reason for a gun and that self-defence is neither a good or genuine reason for a gun, and
- (b) rejects the foreign concept imported from the United States that the only answer to problems with firearms or other violence is more guns.

Signed

W. Shoebridge

NOTICE OF MOTION

Dawn Walker MLC

23 November 2017

NSW Public Libraries

Mr President, I give notice that on the next sitting day I will move:

That this House;

1. Notes that public libraries are an important part of communities, with over 35 million visits to libraries each year. Public libraries are a fundamental part of the education and cultural vibrancy of a community, providing lifelong learning and opportunities for social interaction.
2. Notes that the NSW Public Library Association is currently holding their annual conference, SWITCH 2017, as part of strengthening the public library network.
3. Calls on this Government to increase state funding for public libraries to ensure that these public cultural institutions can continue to serve the community.

LEGISLATIVE COUNCIL

NOTICE OF MOTION

Mr Shoebridge says—

Mr PRESIDENT:

I give notice that on the next sitting day I will move:

1. That this House congratulates the workers at Streets Ice Cream, their union the Australian Manufacturing Workers' Union and the community who stood by them for their "StreetsFreeSummer" campaign.
2. That this House commends the campaign's victory against Streets Ice Cream's owner, the multinational Unilever Corporation, which has been forced to withdraw its application to Fair Work Australia that would have cut the workforce's pay by up to 46 per cent by terminating the factory's Enterprise Bargaining Agreement.
3. That this House calls on all parties in the Federal Parliament to amend the Fair Work Act to prevent any employer bringing a unilateral action to terminate an existing Enterprise Bargaining Agreement.

Signed

NOTICE OF MOTION

Dawn Walker MLC

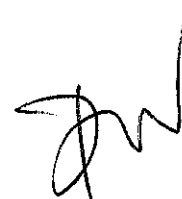

23 November 2017

Women and Heart Disease

Mr President, I give notice that on the next sitting day I will move:

That this House;

1. Notes that heart disease is the number one killer of Australian women, with one Australian woman dying every hour from heart disease.
2. Notes that the signs of heart disease are not always obvious for women, with 40% of women not experiencing the common symptoms of heart attack.
3. Commends the Heart Foundation for their campaign "Making the Invisible Visible", which seeks to raise awareness about heart disease in women and help to protect the heart health of women around Australia.

NOTICE OF MOTION

Dawn Walker MLC

23 November 2017

Pollution and fertility

Mr President, I give notice that on the next sitting day I will move:

That this House;

1. Notes that a recent study from the Chinese University of Hong Kong has found that high levels of air pollution are associated with poor sperm quality and could be partly responsible for a sharp drop in male fertility. Sperm counts among men have more than halved in the last 40 years.
2. Notes that this shows a link between our environment's health and our physical health. Although in this study, the effect is "relatively small in clinical terms", the study concluded that it might still lead to infertility for a "significant number of couples" given the extent of air pollution in cities around the world – and this poses a public health challenge for our communities.
3. Calls on the Government to ensure health is considered in all public planning decisions.
