### NOTICE OF MOTION

Mr Wong says—

Mr PRESIDENT:

I give notice that on the next sitting day I will move:

1. That this House notes that:
  - (a) the latest Rental Affordability Index released by National Shelter and SGS Economics and Planning shows the average Australian couple working full-time on the minimum wage of \$72,300 spends 37 per cent of income on rent, which is on the brink of what's considered severely unaffordable,
  - (b) more than one-third of households in Greater Sydney earn below the minimum wage,
  - (c) Sydney (though with slight improvement) is still both the second least affordable capital city in Australia and the second least affordable metropolitan region in Australia, and remains critically unaffordable to significant proportions of the renting population, especially low-income and very low-income households,
  - (d) unaffordable rents reach as far north as Hornsby and Castle Hill, and as far south as Sutherland, while surrounding areas are considered almost as unaffordable,
  - (e) regional New South Wales has a similar, but lower, level of rental affordability compared to its metropolitan counterpart, with regional New South Wales, since mid-2014, having consistently been the least affordable amongst the regional areas of the states, and
  - (f) there is increasing inequality where lower-income households have not had their incomes increasing as much as medium and high-income households.
2. That this House acknowledges that there is an urgent and critical need for additional social and affordable housing to alleviate rental pressures.
