Acting Minister for Education and Early Learning
Acting Minister for Western Sydney

On 25 June 2025, the following question was asked in the Legislative Council:

QUESTION

The Hon. TANIA MIHAILUK: My supplementary question for written answer is directed to the acting Minister for Education and Early Learning. Will the acting Minister advise whether the Department of Education was consulted by Canterbury-Bankstown Council on its Punchbowl and Wiley Park Precinct Plan submission and alternative scheme to the Transport Oriented Development Program and, if yes, on which dates? On which date did the Department of Education become aware of the fact that its land at Wiley Park Public School and Lakemba Public School was going to be rezoned by Canterbury-Bankstown Council?

ANSWER

I am advised:

The Department of Education is aware that Canterbury Bankstown Council has been working on a draft Precinct Plan, which was exhibited in May 2025 for the Punchbowl and Wiley Park Village Centres, and has been engaging with the council on the draft plan.

Under the State Environmental Planning Policy (Transport and Infrastructure) 2021, education establishments are a prescribed development in a variety of residential zones. The proposed change in the zoning of existing school sites would not impact the operation of those schools.

Supplementary question for written response

Mark Latham MLC

My supplementary question for written answer is directed to our desperately unlucky Treasurer. We will not be relying on him at the racetrack... If he has tomorrow's form guide and results, then that is a different matter.

Will the Treasurer elaborate on his statement that he is unaware of the Australian Council of Trade Unions policy statement that workers should have a veto power over the use of AI in the workplace? What approaches has the Treasurer received from New South Wales public and private sector unions on this matter and how did he respond?

ANSWER

I am unaware of any correspondence from any union regarding this matter.

I am advised that Treasury has engaged with Portfolio Committee No. 1's inquiry established on 27 June 2023 to inquire into and report on artificial intelligence (AI) in New South Wales.

On 23 October 2024, the Government tabled a response to the recommendations of the Legislative Council's Portfolio Committee No. 1 - Premier and Finance Inquiry into Artificial Intelligence in NSW (AI Inquiry) Final Report available at <https://www.parliament.nsw.gov.au/committees/inquiries/Pages/inquiry-details.aspx?pk=2968#tab-reportsandgovernmentresponses>

QUESTION ON NOTICE IN THE LEGISLATIVE COUNCIL
QON LC SUPPLEMENTARY – STATE BUDGET AND SYDNEY WATER

Question asked on 25 June 2025

Answer due to the Minister on 26 June 2025

Answer due to Parliament on 26 June 2025

QUESTION:

The Hon. Jacqui Munro MLC to the Minister for Water, Minister for Housing, Minister for Homelessness, Minister for Mental Health, and Minister for Youth

My supplementary question for written answer is directed to the Minister for Water. Noting the Minister's earlier answer that the Government chose to incorporate the higher figure for infrastructure expenditure by Sydney Water and WaterNSW based on their proposed programs, what is the total difference between the figures used in the 2025-26 budget and the proposed expenditure for each of the four years under the draft Independent Pricing and Regulatory Tribunal determinations?

ANSWER

I am advised:

The Independent Pricing and Regulatory Tribunal (IPART) is in the process of finalising its pricing determination for both Sydney Water and WaterNSW. Figures included in the draft determination are subject to change by IPART.
