Re: LC - SUPPLEMENTARY QUESTION FOR WRITTEN ANSWER - SYDNEY METRO SAFETY INCIDENTS

Question asked on 7 May 2025

Answer due on 8 May 2025

Ward, Natalie to the Minister for Transport

How many safety incidents have occurred on the Metro with Customer Journey Officers and/or drivers and staff since he came into Government?

ANSWER

I am advised

Since March 2023, there have been 15 safety incidents (unruly behaviour involving an interaction between customers and staff) and nil assaults on the trains.

The Sydney Metro network has extensive safety and security systems in place to keep customers safe across the network.

The Operational Control Centre (OCC) operates 24 hours a day, 7 days a week, monitoring the network with CCTV and Help Points and this is supported with additional roaming security guards. The OCC communicates with Transport Officers, NSW Police and emergency services. Customers are encouraged to officially report threatening, offensive and anti-social behaviours.

Sincerely,

John Graham MLC
