

Inquiry into the adequacy of water storages in NSW

TERMS OF REFERENCE

That the Standing Committee on State Development inquire into and report on the adequacy of water storages in NSW, and in particular:

- a) the capacity of existing water storages to meet agricultural, urban, industrial and environmental needs,
- b) models for determining water requirements for the agricultural, urban, industrial and environmental sectors,
- c) storage management practices to optimise water supply to the agricultural, urban, industrial and environmental sectors,
- d) proposals for the construction and/or augmentation of water storages in NSW with regard to storage efficiency, engineering feasibility, safety, community support and cost benefit,
- e) water storages and management practices in other Australian and international jurisdictions,
- f) any other matter relating to the adequacy of water storages in NSW.
