

## LEGISLATIVE COUNCIL

### PUBLIC ACCOUNTABILITY AND WORKS COMMITTEE

The report entitled *NSW Government use and management of consulting services* contains the following error:

The case study 'Transport Asset Holding Entity and KPMG' stated: 'The investigation into this matter has been limited as Mr Lyon **has resigned** from CA ANZ'.

This should read: 'The investigation into this matter has been limited as Professor Lyon is **no longer a member of CA ANZ as his membership lapsed after he was no longer a partner of KPMG Australia following the finalisation of his advice on the Transport Asset Holding Entity of NSW**'.

Professor Lyon sought to clarify other aspects of this case study in [correspondence](#) sent to the committee on 29 May 2024. The committee regrets any distress this error has caused and acknowledges the role Professor Lyon has played in identifying the issues related to TAHE.
