Question

The Hon. Mick Veitch: With regard to the auctions that were conducted in the Southern forests, there was a review of that auction process. Was your association involved in that review.

Mr White: I would have to take that on notice. I am not totally sure. I know there was a review and from what I understand, they decided not to go ahead with that. I may be wrong. I need to take that on notice.

Industry reply

To the best of my knowledge NSWAA were not involved in any review
