Dear Alex

Thank you for your email.

As noted in your email, our corrections to the transcript were advised to the Committee on 3 and 4 July.

In relation to the two highlighted sections pertaining to our evidence: (1) We suggest that the Committee would find it more helpful to obtain the advice it is seeking about the M9 corridor and associated road issues connecting to Badgerys Creek directly from Infrastructure NSW and Infrastructure Australia. (2) The rail connectivity study being undertaken by the Chamber is in its final stages and should be completed in the next few weeks. As requested, we will provide two copies of the completed report to the Committee.
