Dear Reverend Nile

I appeared as a witness yesterday in the Budget Estimates hearing on Finance, Services and Property and I am writing to correct one of my answers.

On reviewing the transcript I have realised that I misheard the question below and mistakenly provided an incorrect number in response.

Mr DAVID SHOEBRIDGE: From September to Christmas, for the rest of this calendar year, how many workers do you estimate will have their benefits terminated?

Ms DONNELLY: Our current projection is 4,423.

In answering the question, I mistakenly provided the projected numbers for the financial year until 30 June 2018.

The correct answer to the question is 1917.

Please accept my apologies for this error. I would be grateful if my corrected response could be distributed to the Committee.

Yours sincerely

Ms Carmel Donnelly
Acting Chief Executive
