Dear Kate

PORTFOLIO COMMITTEE NO. 6 – PLANNING AND ENVIRONMENT - MONDAY 7 AUGUST 2017 FOR THE INQUIRY INTO ‘ENERGY FROM WASTE’

Further to your email of 11 August 2017 relating to my attendance before the Portfolio Committee No. 6 – Planning and Environment on Monday 7 August 2017 for the inquiry into ‘energy from waste’ technology, please find attached my corrected proof of the transcript from the hearing.

Also, below is my answer to a question on notice taken during the hearing.

Question: What is the cost of the proposal you are working on?

Answer: The Expression of Interest process proposed by Wollongong City Council is planned to consult the market place to better understand the options available to Council to reduce waste to landfill. The nature of this process means that Council does not yet know the outcome and therefore cannot reliably estimate the cost.

Please contact me should you require further information.
