

## Question on Notice – GPSC4 Inquiry into museums and galleries

### QON:

**Mr DAVID SHOEBRIDGE:** Which cultural groups that you met with supported the relocation of the Powerhouse Museum? You were telling us about your consultation. Tell us about the cultural groups that you consulted with that supported the relocation?

.....

**Mr DAVID SHOEBRIDGE:** Not every one; I just want one. Tell me the cultural group you met with in Parramatta that said it supports this?

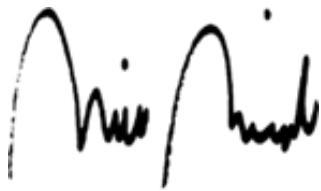

**Mr BAIRD:** I can get those details for you.

### Response:

I no longer have access to my full diary from the period in question, but know that in my time as Premier I made over 100 visits to Western Sydney where I had the privilege of meeting with many people and groups. All were appreciative of our record investment in Western Sydney more broadly, including the cultural groups.

Western Sydney deserves its own world-class cultural institution and one the community can proudly call its own. That is exactly what the Berejiklian Government is delivering.

Yours sincerely
