Dear Ms Mihaljek

1. Here is the most recent AMPCOM report setting out the details of Australian music played during the past 12 months. <http://www.aria.com.au/pages/documents/AMPCOMReport2015-16.pdf>. You will note that ARIA has not yet published the figures for 2016-17. To assist the Committee, we attach the figures that CRA sent to ARIA on 1 November 2017.
2. Attached is a list of stations in NSW, with their applicable Australian music categories.
3. We represent the commercial radio industry and do not hold an industry view on the regulation of streaming services. As a general principle, we support equality of regulation across platforms where possible.
4. Our members always welcome contact from the music industry, in relation to music played on radio, outside broadcasts and emerging artists. Record labels are frequently in contact with music directors at the stations, who would welcome the supply of more high quality Australian music.

We also attach a scanned copy of the transcript with some minor changes marked up on it.

Please let us know if we can assist further in any way.

Regards

Sarah
