Subject: RE: Drug Rehabilitation Services Inquiry - Transcript – 6 April 2018

Hi Nessa,

Thanks for your call this morning

Directions Health Services had 17 staff in its NSW services at the time of the inquiry. I would note that these numbers have now increased to 18 NSW staff, and one vacant 19th position.

All of these positions are service delivery positions e.g. case managers and line managers with additional client case loads

Thank you

Stephanie Stephens
Director of Service Delivery
Directions Health Services
