

Please find Mr Brogden's response to the supplementary question asked by the committee.

Q. What consideration was given to an upgrade of ANZ Stadium in a 78,000 and 55,000 seat curtailed mode as part of the Stadia Strategy as opposed to the building of a new 55,000 seat stadium on Moore Park lands?

A. The Stadia Strategy Steering Group (SSSG) did not undertake any options analysis on the redevelopment of each individual stadia.
