

Questions on notice
Cultural Infrastructure Program Management Office

1. In the mapping that the organisation has currently completed:

what cultural infrastructure is available in Sydney and regional NSW that is suitable for music, performance - particularly on a small scale. For each location - who owns it - local councils, non-profit organisations, private sector?

2. What is the assessed need that has been mapped for cultural infrastructure for music performance in Sydney and regional NSW (please supply details)?

3. What additional mapping of current infrastructure and need is available?

Response – The mapping that has been completed is currently being considered by Cabinet as part of the Government's response to the Cultural Infrastructure Strategy: Advice from Infrastructure NSW. The Government is happy to provide this information as soon as it is available to the committee. This mapping will show what cultural infrastructure is available across NSW and who owns it.
