Dear Ms Moore,

Correction of evidence

I am writing to correct evidence I provided on 29 August 2019 at the Budget Estimates hearing.

At the bottom of page 10 of the transcript I said:

We have a witness that turns up. We are not given the person's name. We are not given any information about this witness—

I am advised that the Office of the General Counsel of NSW Police Force was provided with the name and statement of the witness in question prior to that witness giving evidence at the Coroners Court. Accordingly, I seek to correct my evidence in that regard.

I also note, that a complaint under Part 8A of the *Police Act 1990* was initiated as a result of the witness' evidence. This complaint is still under investigation.

The correction to my evidence can be published.

Yours sincerely,

M J Fuller 
Commissioner of Police
