Dear Mr Borsak

I write to clarify evidence I gave during the 2018-19 Budget Estimates inquiry, on 2 September 2019, to the Legislative Council Portfolio Committee No.5 – Legal Affairs.

On page 67 of the uncorrected transcript, I mistakenly stated "*The additional magistrates that are starting in October have been appointed*", in response to the Honourable David Shoebridge's question "How many additional magistrates have been appointed in the past two years?"

My statement was in error. The appropriate response should have been:

The additional magistrates are expected to be appointed in September and to commence in October 2019.

I ask that a correction be included as a footnote in the final transcript.

Yours sincerely

Catherine D'Elia
Deputy Secretary
