Dear Chair,

Correction/clarification of Budget Estimates hearing transcript

I write to advise of one correction that is required to evidence given by myself at the Budget Estimates hearing for Legislative Council Portfolio Committee No.4 – Industry, on 13 September 2019.

Amendment of the date stated to clarify answer given

The following statement that appears on page 17 requires a correction to the month that the bill was introduced:

Mr JOHN BARILARO: *My position has not changed in the eight years that I have been a local member. It has not changed since the moment I introduced let's call it the brumby bill to the House last September, which is a managed approach in relation to managing horse numbers in Kosciuszko in a way that we have never achieved before. After Guy Fawkes, where we shot horses from the sky from helicopters and watched them die for days on end—watching mares that foaled, to watch them die—*

In the above, the month and year that the bill was introduced are incorrectly stated. “Last September” should be replaced with “May 2018”.

Please update the published transcript with the above amendments. If you need further information, please do not hesitate to contact my Office on (02) 8574 5150.

Yours sincerely,

The Hon. John Barilaro MP
Deputy Premier
