Dear Sharon,

### **The Transcript**

I have reviewed the transcript and confirm I have no changes.

I do wish to make an observation that, when answering the Hon Natalie Ward's question (on page 33), I think I got myself confused with the double-negative. However, I do note that Ms Ward gave me an opportunity to clarify the Chamber's position that we strongly oppose modern slavery in any form.

### **Question on Notice**

I have searched our membership database and cannot find a member under the name 'Ansell Australia'.

Regards,

Liz
