---

Dear the Hon. Mr Wes Fang

**Request to Clarify and Amend Certain Issues and Answers to Additional Questions**

On behalf of AESAG, I am pleased to approach the Committee as follows:

1. We kindly request the Committee clarifies and amends certain evidence presented in the Committee hearings of 15 November 2019 by Mr. David Cullen as follows:

- 1.1. On Page 24 of the TRANSCRIPT - STANDING COMMITTEE ON LAW AND JUSTICE - HEARING - 15 NOVEMBER 2019 – UNCORRECTED, it was said by Mr. Cullen:

***"Mr CULLEN:** We are in the same position. There is no insurance post-31 March. That is because of the cases they have seen coming forward. We are now self-insured. "*

The answer above was mistakenly given because following recent negotiation with the insurance carrier, the policy was renewed with higher deductibles. Therefore, Caesarstone wishes to correct its answer as follows:

***"Mr CULLEN:** Caesarstone Australia currently has insurance for silicosis. In the case of any claims relating to silicosis we would defend these".*

Best regards

**David Cullen** | Managing Director – Caesarstone Asia Pacific
