Page 8, Professor Burn, 2 nd address	The term ‘commercial organisation’ is defined in section 24(1) of the Act, however does not include a definition of ‘charities and not-for-profits’.
Page 16, Professor Burn, 4 th address, line 1	In describing the principles developed in the procurement framework, Professor Burn intended to refer to State government agencies in line 1, not local government. The NSW Government has developed a framework for addressing modern slavery in government procurement which includes a set of principles for NSW Government agencies that accommodates variations in size. The framework and principles could also be applied to local councils.
