Hi Sharon,

This is another issue on which I'd value your record / history keeping prowess.

The email chain below follows one stream of the discussion.

There are a couple more emails which may be relevant to add to your black folder on this issue.

Current situation

The Minister wants to achieve two things:

1. To ensure the \$12m remains available for distribution to the Panthers Club for their community facility
2. To transfer the responsibility for making the payment to a more relevant entity (probably the Department of Industry)

Phil has had discussions with the relevant people in Industry who have agreed for the money to be transferred subject to the provision of some background information.

Next steps for us

1. Dig out the background to the \$12m commitment
 - When was it agreed?
 - How / when was it communicated to the club?
 - When the money was transferred from Treasury to Office of Sport?
 - How many times have we sought approval to roll-over the funding?
2. Liaise with Sajeev or Ganesh to transfer the money to Industry, once we have their agreement.

Thanks,
Anne
