Laura,

Metro projects and funding guidelines should be hopefully signed by Prem tomorrow. Once the guidelines are signed, I'll pass them over to you to get the DP sign and then we can get Min Upton to sign.

Sorry for the delays Tim.

Subject: LG merger funds

Hi Dan,

The Premier has signed the updated guidelines for this funding. I'll drop these off now to your Office for the DP to sign. As mentioned, once he's signed the brief, could you please provide to Kevin so that Min Upton can sign. They then need to go back to Tim at OLG.

Kevin/ David/ Tim - Premier has signed off on almost all metro council projects - there may just be some small changes with Lane Cove and Georges River. I'll send through the list of all other approved projects shortly though so you can get started on releases and draft funding agreements.

Thanks,

Hi,

Yes, the last I heard re the guidelines is that they were with Min Upton to sign so hopefully you have them now. Announcement will be tomorrow for this. As mentioned, the Quarry is being funded from ConFund under the Budget rather than the Stronger Communities Fund but I understand both the Quarry and the Westleigh project will be subject to the revised guidelines. So what I can say is:

The 2018 Budget allocated \$50m to rehabilitate Hornsby Quarry and the Premier has determined to allocate \$40m for the Westleigh Recreational Area from the Stronger Communities Fund. Both of these projects will be administered by Hornsby Council and will be subject to the revised Stronger Communities Fund guidelines.

Is this sufficient?

Hi Sarah – our lawyers have suggested it would help if I had something beyond your earlier emails to confirm the

allocation, would you mind sending me an email that says the following:

Following the decision to revise to the Funding Guidelines, the Premier has determined to allocate to Hornsby Council out of the Stronger Communities Fund amounts of \$50 million for Hornsby Quarry and \$40 for Westleigh Recreational Area

Also everything is on track to get them a funding agreement capable of being executed prior to tonight's council meeting.

Thanks

Tim.

Hi Sarah – here's the proposed list of projects and the split between OLG and RMS for the NSW Government's \$50 million contribution to the local roads program. This information has been provided by MidCoast Council. If this program is agreed I will incorporate into a funding agreement for the OLG \$12.5 million contribution.

Tim.

Hi all – change of plan on the remaining metro agreements. The agreement for Randwick won't be required until January now so please pause the workflow for that one. We have also been asked to issue a final agreement to Waverley Council for the North Bondi Surf Life Saving Club upgrade (\$500,000) only, which was announced last weekend. The remaining Waverley projects will be in further agreement that will not be required until January.

If there is any way I can get the Waverley single project agreement today that would be great.

Thanks

Tim.

Hi Dan,

The Premier has signed the updated guidelines for this funding. I'll drop these off now to your Office for the DP to sign. As mentioned, once he's signed the brief, could you please provide to Kevin so that Min Upton can sign. They then need to go back to Tim at OLG.

Kevin/ David/ Tim -- Premier has signed off on almost all metro council projects -- there may just be some small changes with Lane Cove and Georges River. I'll send through the list of all other approved projects shortly though so you can get started on releases and draft funding agreements.

Hi Steven - I think you might be referring to the dates specified in the Guidelines at Attachment 2 (which apply to all councils who access funding under the program) and the different dates in the funding agreement (which is specific to this application from Hornsby Council). The Guidelines contemplate at Item 8 that that different timeframes can be specified in a Funding Agreement - "Timeframes for any future funding rounds will be as determined within the Funding Agreement". In this case the timeframes in the Funding Agreement are the relevant dates and replace those in the Guidelines.

I look forward to receiving the signed Funding Agreement as soon as possible.

Tim.

Good morning Tim

Thank you for getting the offer of grant funds to Council last night in time to be able to brief the Councillors. The feedback was positive.

We have been through the paperwork this morning and we are generally okay with it. The main issue appears to be that the various attachments aren't all consistent in terms of the final acquittal of the project. Could I ask that your team review and correct these so that they are all consistent with the actual application and we will be able to immediately sign and return the documentation. I would like to have the revised documents signed and back to you early this afternoon to allow you to get the funds transferred by tomorrow.

Don't hesitate to contact me should you need to discuss

 Hi Darren - because Canada Bay has not seen the agreement before (they were proposed to merge but did not actually merge), can we please send the funding agreement to them as a draft with a covering letter from me. It doesn't need to be confidential (the projects have been announced), and the reason we are sending as a draft is to draw out any questions they may have about the terms, including the timeframes, before I subsequently provide them with a final agreement to sign. No hurry on this, we just need to make sure they get it in due course.

Thanks
Tim.

Hi Tim,

Apologies – we need to make another change for the Stronger Communities funding for Waverly Council. This will be the final change I promise.

This is the new allocation of funding:

- Upgrade of the Marlborough Reserve playground, Bronte: \$400,000
- Upgrade of the Varna Park playground, Waverley: \$280,000
- Upgrade of cricket facilities at Waverley Park, Waverley: \$75,000

These projects will replace these two previous projects I had advised you of:

- 1) Tamarama Gully - remediation of landfill and improved access (\$600,000)
- 3) Bronte Ecological Restoration and Action Plan (\$155,000)

Mitch will advise you of when the funding agreements can go out.

Hi all – tasks for everyone in this email.

Darren – please note further agreements needing to be drafted or revised for Canada Bay, Lane Cove and Hunters Hill as below. Also the projects for Georges River have been revised as below and we are now in a position to finalise the Funding Agreement so can you please arrange for a full package, using Hornsby from yesterday as a template.

Mark – we are going to need revised draft releases for Canada Bay and Lane Cove and Hunters Hill now as well please

Teresa – will we have an issue if Georges River signs and returns an agreement before Friday? Presumably we didn't draw down the money but would the cluster cover it, or just leave it till next year to pay? And I will come down and work on a reconciliation with you so we can hopefully answer the question of remaining funds.

Thanks

Subject: Further approved funding for metro councils

Hi all,

The Premier has signed off further funding for metro councils. Outlined below is what is been approved. Pls note this includes some changes (see highlights) to previously approved projects so the list below should be taken as final. The Georges River projects were announced this morning so the funding agreement can go out.

A project for Hunters Hill has been included on the list on the request of Min Roberts and has been reluctantly signed off by the Premier on the basis that the facility will benefit the broader Ryde community. Previous funding for a Lane Cove playground is being funded separately.

Tim- Can you pls prep releases for the local members for Canada Bay, Lane Cove and Hunters Hill projects? Also, can you confirm how much funding of the \$79.34m for metro councils we have remaining with the approval of these projects? The \$79.34m is based on \$54m for Hornsby issues plus \$28m for metro councils, minus \$2.66m for DPC costs. By my workings, we have \$16,000,3000 remaining. Hopefully this is correct. I am hoping we will resolve this final funding within the next week or so.

Also, as discussed, Channel 9 will be running the Hornsby projects tonight and it will also be in the Hornsby Advocate.

Council	Projects	Funding (\$m)	Member
Canada Bay	1) Ron Routley Oval Concord - synthetic soccer pitch and all weather surface (\$4.3m total cost, council prepared to fund \$2m).	\$2.37	John Sidoti

Lane Cove	2) Goddard Park - Upgrade to amenities block (\$70,000) 1) Replanting of Epping Road azaleas (\$150,000) 2) Tantallon Grandstand rebuild (\$450,000) 3) Greendale Scout Hall - new floor and walls (\$107,000) 4) Longueville Sporting Club - new roof (\$180,000) 5) Blackman Off-Leash Dog Area - 2,500m ² off leash dog area at lower end of Blackman Park (\$50,000)	\$ 0.9370	Min Roberts
Hunters Hill	1) Upgrade of Boronia Park grandstand and sporting fields	\$ 1.00	Min Roberts
Georges River	1) Gannons Park Stage 3 - Irrigation, resurfacing of 8 fields, holding tanks, treatment plant and drainage works (\$1m) 2) Gannons Park - Sports amenities building (\$800,000) 3) Hurstville Oval - expansion of Booth Saunders Pavilion building (2.2m) 4) Poulton Park - new synthetic surface and sports amenities building (\$3m) 5) Hurstville Golf Course - New clubhouse, reconstruction of 6 greens and new pathways (\$2.5m)	\$ 9.50	Mark Coure

Further advice from Council on this:

The Council would still like to specify the projects once the master plan for Dence Park is completed. They are currently favouring using some funds sooner, for example, to support the establishment of a community facility/hub but it will depend on property purchases that may not succeed. While the scope would expand to include consideration of other infrastructure projects, the timing would remain the same as the current key project milestones ie consultation and investigations during first half of 2019, detailed design/scope of works by December 2019, procurement and construction commenced July 2020 and project completed June 2021.

Hi Sarah – can you please give me a call to discuss. The funding agreement is based on specific identified projects so ideally we would want them to commit to one or more from the list, rather than just leaving them to choose later. As hoped, City of Parramatta agreed last night to make a further offer to settle the dispute with Hornsby Shire Council. The resolution reads in part...

Further, that Council accepts in principle the offer of funding from the Office of Local Government as outlined in this report on condition that the scope of works be expanded to include other priority social infrastructure identified for the Epping precinct and authorises the A/CEO to negotiate and finalise the agreement.

Can you please confirm that a widening of the funding agreement to include several priority social infrastructure projects in the Epping precinct is acceptable and arrange the amended documentation?

The works will include implementation of priority improvements identified through the Dence Park master plan as

Project – Stronger Communities Fund

Currently – Ron Routley Oval, Concord – synthetic soccer pitch and all weather surface

We are requesting a name change to;

Majors Bay Reserve, Concord – Synthetic soccer pitch and all weather surface

There is no change with the project, as it is located within Majors Bay Reserve, adjacent to Ron Routley Oval but not within Ron Routley Oval.

Thank you for your assistance.
