

## Stronger Communities and New Council Implementation Fund guidelines

### Purpose: Seeking decision

Topic	Approval to modify the existing Stronger Communities Fund — tied grant round and New Council Implementation Fund guidelines.
Key Analysis	To give effect to the revised approach to implementing the Cabinet decision of 27 July 2017, the guidelines for the two grant programs need to be modified to change dates and eligibility.

### Recommendations

- 1 That the Minister note that \$140.84 million (out of an initial \$212.2 million) is available to resolve all outstanding matters from the merger process.
- 2 The Minister approve the revised Stronger Communities Fund — tied grant round guidelines (Tab 1).
- 3 The Minister approve the revised New Council Implementation Fund guidelines (Tab 2).
- 4 The Minister seek the endorsement of the Premier and Deputy Premier to the proposed revised guidelines, consistent with Cabinet's decision.

### Timeframes

Funds can be expended in either the 2017-18 or 2018-19 financial years.

### Key reasons

#### Guidelines were developed to support payments to councils

In September 2017, the Premier, Deputy Premier and Minister approved the establishment of a Stronger Communities Fund – tied grants round, and associated funding guidelines, consistent with the decision of Cabinet on 27 July 2017.

#### The guidelines did not allow for support to be provided to councils impacted by merger proposals that did not proceed

The current guidelines limit financial support to new councils. To provide support to councils impacted by merger proposals which did not proceed, the existing guidelines will need to be modified. Further funding is to be allocated through both the Stronger Communities Fund – tied grants program and New Councils Implementation Fund.

#### Amendment of the existing program guidelines will be required

The existing guidelines for the Stronger Communities Fund – tied grant round only apply to new councils. Revised guidelines have been prepared (Tab 1) to enable grants to be provided to councils impacted by merger proposals that did not proceed. Reporting dates have also been changed consistent with the expected payment schedule.

Resolved to publish Yes / No

Further, the existing New Council Implementation Fund guidelines limit funding to new regional councils to \$5 million and do not allow for provision of supplementary support. Some regional councils have prioritised additional implementation funding over additional Stronger Communities grant funding, so the guidelines have been amended (**Tab 2**) to allow additional Implementation Fund payments to these councils, also with amended reporting dates.

### Supporting analysis

#### A funding allocation of up to \$140.84 million remains

Funding to Northern Beaches, Dubbo Regional and MidCoast Councils through the Stronger Communities Fund – tied grant round. In addition, \$10 million has been allocated towards the Far West funding package.

### Context

On 27 July 2017, Cabinet agreed to reallocate merger funding for mergers that would no longer proceed. Cabinet agreed that the Minister for Local Government would redistribute remaining unspent funds previously allocated for pending regional and metropolitan mergers to resolving outstanding matters from the merger process, including to develop guidelines for payments and reimbursements to newly merged councils, pending metropolitan merger councils and regional councils unable to merge, in consultation with the Premier and Deputy Premier.

## Issue

Approval of funding for metro local councils from remaining local council merger funds.

## Current situation

### Metro open spaces projects

- There is \$25.34m in funding to spend on open spaces projects for metro local councils who engaged constructively in the merger process.
- The PLO team has consulted with local members and has pulled together the list of open spaces projects in **Table 1** for your approval. All projects have been planned by the relevant councils and are ready to go, our funding will help to bring the timing of these projects forward.

**Table 1: Open spaces projects for metro local councils**

Council	Projects	Funding \$m	Member consulted
Burwood	1) Henley Park Upgrades - sports field lighting, drainage and turf improvements, Futsal pitch, refurbish amenities (\$2.6m)	\$2.60	John Sidoti
Canada Bay	1) Ron Routley Oval Concord - synthetic soccer pitch and all weather surface (\$4.3m total cost, Council prepared to fund \$2m).	\$2.30	John Sidoti
Lane Cove	1) Mindarie Park play equipment (\$1m) 2) Tantalion Grandstand rebuild (\$450,000) 3) Greendale Scout Hall - new floor and walls (\$107,000) 4) Longueville Sporting Club - new roof (\$180,000) 5) Blackman Off-Leash Dog Area - 2,500m <sup>2</sup> off leash dog area at lower end of Blackman Park (\$50,000)	\$1.79	Min Roberts
Ryde	1) Meadowbank Ovals 2 & 3 - facility building (\$700,000) 2) ANZAC Park, West Ryde for major upgrades, and soft-fall installation (\$200,000) 3) Meadowbank Park district playground (\$500,000) 4) Ryde Outdoor Youth Space - Skate Park (\$400,000) 5) Morrison Bay Park - new basketball court and running track (\$500,000) 6) Santa Rosa Park, Ryde for BBQ installations and amenity upgrades (\$50,000)	\$2.35	Min Dominello
Randwick	1) Coogee Surf Life Saving Club upgrade (\$2.58)	\$2.58	Bruce Notley-Smith
Waverley	1) Tamarama Gully - remediation of landfill and improved access (\$600,000) 2) Tamarama Ecological Restoration Framework and Action Plan (\$120,000)	\$2.00	Bruce Notley-Smith Min Upton

	3) Bronte Ecological Restoration and Action Plan (\$155,000) 4) Bronte Gully and Tamarama Gully - creek mediation (\$225,000) 5) North Bondi Surf Life Saving Club upgrade (\$500,000) 6) Clarke Reserve Vaucluse - upgrade to playground and fencing (\$100,000) 7) Bondi Beach playground - design work for upgrade (\$300,000)		
Georges River	1) Peakhurst Park - new synthetic surface (\$2m) 2) Hurstville Oval - expansion of Booth Saunders Pavilion building (2.5m) 3) Poulton Park - new synthetic surface and sports amenities building (\$3m) 4) Claydon Reserve - new synthetic surface (\$2m)	\$9.50	Mark Coure
<b>TOTAL SPEND</b>		<b>\$23.12m</b>	

- These projects are all open spaces/ rec focussed and work well with the Govt's liveability theme. If approved, we will work with local members to get announcements out quickly.
- For the Georges River Council projects, time has been set aside in your calendar on 28 June to announce these with Mark Coure at Community Cabinet.

#### Resolution of Hornsby/Parramatta issue

- \$90m has been allocated for 2 parklands projects for Hornsby Council (\$50m from ConFund for the rehabilitation of Hornsby Quarry and \$40m from merger funds for the rehabilitation of the Westleigh Sydney Water site). The Office of Local Government (OLG) is working on the funding agreement for these projects and I expect Min Kean will announce them shortly.
- We also recommend you approve **\$16m** for a new aquatic facility and water play park in the Epping area for Parramatta City Council. This funding is broadly equivalent to the s.94 contributions owned to them by Hornsby Council. Parramatta has indicated they will consider dropping their legal action on the s.94 contributions owned to them if this funding is provided.

#### Approval of amended funding guidelines

- To enable this funding to go out, you will need to approve 2 updated funding guidelines.
- There is one guideline for projects (Stronger Communities) and one for implementation funds (New Council Implementation). Only minor changes have been made to the guidelines to:
  - Enable funding to be provided to councils subject to a merger proposal, not just councils which were merged.
  - Enable additional implementation funding to be provided to regional councils, previously this was capped at \$5m.
  - Extend the timeframes for spending the funding by one year, so that councils will be required to spend or commit funding by end 2019, rather than end 2018.
- Clean copies of the updated guidelines are at **Tabs 1 and 2**.
- Under Cabinet's July 2017 decision, amendments to the funding guidelines need to be approved by you, the DP and Min Upton. OLG has prepared a brief for you to sign approving the updated guidelines. Once you have signed, the DP and Min Upton will sign the brief. Once finalised, they will be published on OLG's website.
- These guidelines will also cover the \$61.5m in funding for the 11 merged regional councils. The DP's Office is currently finalising the allocation of these funds.
- The majority of the \$140.84m remaining in merger funds should be announced late June/ early July.

## Office of the Premier

### Recommendations:

- Approve the proposed funding at Table 1 for open spaces projects for metro local councils and \$16m for a new aquatic facility and water play park for Parramatta City Council.
- Sign the attached brief approving the updated funding guidelines for the local council merger funds.

#### Issue

Approval of final funding for metro local councils from remaining local council merger funds.

#### Current situation

- Parramatta Council has confirmed they will halt their legal action against Hornsby Council re s.94 contributions on the basis they will receive \$16m in funding for a pool upgrade in the Epping area. Damien Tudehope and Min Dominello are both very supportive of this project.
- John Sidoti, Mark Coure and Min Roberts have requested changes to which projects receive funding in their electorates. Changes are highlighted in Table 1 below:
  - Canada Bay Council would receive a further \$70,000 for park upgrades. This would bring total funding for Canada Bay Council to \$2.37m.
  - Georges River Council would still receive \$9.5m in total, but 3 of the projects would change. You are announcing this funding on 28 June at Community Cabinet with Mark Coure and Min Upton.
  - Lane Cove Council would receive \$940,000 less funding in total, but an additional \$150,000 would be spent on replanting flowers (a \$1m park upgrade that was to be funded is now being funded by Min Roberts via the Open Spaces fund).
  - Hunters Hill Council would receive \$1m for a park upgrade. I raised concerns with Min Roberts about rewarding Hunters Hill Council in light of the Council's legal action against the mergers, but Min Roberts has assured me this park is a key priority for the local community and is not being supported by the Council. On the basis that Lane Cove Council would now be receiving less funding, I suggest you support this funding for Hunters Hill Council. Min Roberts has confirmed he will make this work.
- With the previously approved projects and those in Table 1, there would be around \$3,000 left of the \$79m allocated from the merger funds for metro councils. As previously advised, the DP's Office is also working at finalising their allocated funding for the merged regional councils.

Table 1: Final funding for metro local councils

Council	Projects	Funding \$m	Member consulted

Hi Laura and Alysia – just confirming we are working on the revised agreements and should have them done today as required.

Also Laura can you please confirm for our audit records that the Deputy Premier has approved these project allocations to the Councils.

Thanks  
Tim.

Sorry! SES Queanbeyan is actually SES Queanbeyan – a typo, sorry. I've amended this below.

Thanks again,  
Alysia

Hi Laura and Tim,

I think we are working off of different lists. Below are the correct lists.

I've added on some projects that we were going to leave until the second funding agreement, but if we are making amendments, we might as well add these in now.

Those highlighted in yellow are to be added, or to have their funding amount amended.

I can confirm the below lists are the absolute finals and the funding agreements should mirror these.

Tim, could you please amend these first thing on Monday morning and send the agreements and letters back to us to be sent out on Monday?

Thanks very much and have a nice weekend,  
Alysia

Hi Chris,

Any update on the funding agreements for Snowy Monaro Regional Council or Queanbeyan-Palerang Regional Council funding agreements?

Also, who is the best contact for your office after you go on leave?

Thanks,

Mr HURST: Mr Shoebridge, you have those documents. They are in the call for papers that you have already received a response to and that each of you have been reading from during the course of this hearing.

The CHAIR: I am asking if you will take it on notice. I do not want to take up any more of the Hon. John Graham's time.

Mr HURST: Yes.
