Dear Mr Donnelly

I write to request an amendment to transcript for the Portfolio Committee No. 2 - Health Budget Estimates Hearing held on Thursday 4 March 2021.

In my evidence to the Committee I have inadvertently disclosed information relating to a tender for medical services in Western NSW that may be considered commercial in confidence.

Please refer to enclosed extract from the transcript detailing the text that I respectfully request the Committee remove. The removal of this information does not affect the context of my answer and will respect the confidential nature of the tender.

If you would like more information please contact Mr Paul de Carlo, Director, Office the Deputy Secretary, People, Culture and Governance, on

Yours sincerely
