

Director — Budget Estimates Secretariat  
Parliament House  
Macquarie Street  
SYDNEY NSW 2000

Dear Director

Please find following additional information for the budget estimates hearing for the Transport and Roads portfolio, held on 10 March 2021.

The uncorrected transcript contains the following statement regarding traffic lights at the Newell Highway at Baird Street, Dubbo, on page 85:

**Ms Nelson:** Actually, as part of that whole program of works, two intersections were upgraded from roundabout to traffic lights and the work has been completed.

**The Hon. MICK VEITCH:** Yes. It has been completed?

**Ms NELSON:** It has.

Transport for NSW wishes to clarify the response provided in relation to traffic light installation at Baird Street, Dubbo in response to Mr Veitch, recorded on page 85 of Hansard.

The installation of the poles for the traffic lights on the Newell Highway at the Baird street intersection has been completed. The lantern and cable works will be installed at the end of the project, with the lights turned on directly after.

Similarly, site preparation for installation of traffic lights at the Newell Highway and Mitchell Highway intersection has been completed, with temporary traffic lights to be turned on from 16 April 2021. Permanent signals will be switched on towards the end of 2021.

I hope this has been of assistance.

Yours sincerely

**Carol-anne Nelson**  
**Deputy Secretary, Regional and Outer Metropolitan**
