Dear Director,

**Budget Estimates, March 2021**

I write to advise of a correction and clarification that is required to evidence given by myself at the Budget Estimates hearing for the Treasury portfolio held on Monday, 8 March 2021.

Please find attached the section of the transcript to which the correction applies and the requested correction to be made.

I believe that I stated the correct figure during the hearing but that there was a transcription error, leading to an incorrect figure appearing in the transcript.

Yours sincerely,

**San Midha**

The correction applies to page 56 of the transcript.

The uncorrected version states:

**Mr MIDHA:** It is in the budget report. Each agency, as I have said, has a number. I do not have the exact page number—we can get you that—but it is in there by each different agency and it does vary. The one with the largest landholding is obviously Transport. For 2021 they have a \$25 million target.

The corrected version should state:

**Mr MIDHA:** It is in the budget report. Each agency, as I have said, has a number. I do not have the exact page number—we can get you that—but it is in there by each different agency and it does vary. The one with the largest landholding is obviously Transport.
