

Portfolio Committee No. 7 – Planning and Environment  
Inquiry into the health and wellbeing of kangaroos and other macropods in  
New South Wales

### **Questions taken on notice**

**Questions for NSW Farmers Association**

#### **Response Question 1**

1. *How is compliance against the code enforced on the ground?*

NSW Farmers is aware of monitoring and compliance activity relating to kangaroo management on private land, however we do not have data on the level of activity.
