Dear Mr Smith

Request for corrections to the Hansard from the Budget Estimates Inquiry

I refer to the emailed request of 26 August 2021 for corrections to the Hansard from the Budget Estimates Inquiry hearing on Wednesday 18 August 2021.

Please correct the following error in the Hansard.

Page 27, paragraph 18

Mr REED: So, to the end of 2020-21 we assessed 2,916 matters and we commenced 16 preliminary investigations, four serially **SIRU** preliminary investigations and seven new full operations. We will get you those figures, but that gives you the figures to the end of 2020-21.

In addition, I would like to amend my evidence as recorded in the Hansard of as follows.

Page 31, paragraph 1

Mr REED: We submit our bids—so-called parameter and technical adjustments—through Treasury. We get advice back from Treasury. We may then get correspondence from the ~~Department of Premier and Cabinet~~ **Secretary of NSW Treasury** as to the outcome, but we find out directly from Treasury what is actually going to be put into the budget for any one financial year in the forward estimates as well after it has gone through the Expenditure Review Committee process et cetera.

I am happy for this information to be published by the Committee.

Should you require further information, could you please contact me

Yours sincerely

Philip Reed
