TOLL

Toll Woolworths Toolbox Briefing

A big thank you to all drivers for all your feedback and cooperation through this project. Woolworths appreciate our driver feedback which is helping shape the future of driver unload.

WEIGHBRIDGE BREACHES

We have experienced a rise in weighbridge breaches over the last month. It is important that all drivers review weighbridge tickets before leaving site. If you are overweight, you must reweigh - no ifs or buts.

It is also important for drivers to enter your fleet ID number when completing the weighbridge ticket procedure. As previously communicated, there is zero-tolerance for weighbridge breaches. If in doubt, please speak with the shift manager on duty.

TOLL/E-TAG ROADS USE UPDATE

We thank you for your cooperation in reducing toll road use. This is a reminder to ensure you are not using Toll roads unless you have authorisation to do so. In most cases, the cost of the toll roads outweighs any benefit we receive from using them.

RANDOM DRUG AND ALCOHOL TESTING

With random drug and alcohol testing taking place at all Toll sites, it is important that everyone is aware of and understands our Drugs and Alcohol Policy and Standard.

- **Zero tolerance:** The alcohol testing standard is 0.000g/210L Breath Alcohol Concentration (BrAC)
- **Dry sites:** workers and visitors must not be under the influence of, possess, consume, sell or supply any drugs or alcohol at all times
- **Positive Test:** A positive test result to alcohol or drugs (over the prescribed limits) will result in immediate disciplinary action.

copy of drug and alcohol policy is posted in notice board and please ask any of the supervisor for a copy

SERVICE AWARDS

Achieving a key service milestone is a fantastic employee achievement worth recognising and celebrating

such, Toll has decided to launch a new Service Award Program that recognises employees for achievement of key service milestones with the business.

Please find below the program service milestones and awards:
