Subject: Question

Emma,

Please forward to Daniel Mookhey.

We think Daniel Mookhey interpreted the biodevisity issue incorrectly.

We have 3 trees on our property totalling 3000 sq mtre. They are discounting it to \$80 a sq metre compared to \$200 that they offered for the whole property.

The neighbouring property got \$250 sq mtre for a heavily timbered property.

We are losing \$360,000.00 because of those trees.

Regards
Sam and Theresa Grima
