## **QUESTIONS ON NOTICE**

## Questions on Notice

TRANSCRIPT PAGE	QUESTION
p. 2	<p><b>The Hon. DANIEL MOOKHEY:</b> I appreciate that as an answer, Ms Wilkie. I have the same press release that I think you might be making a reference to, in which that detail is stated about what the fund can be used for. Has the Government or Treasury identified the first projects that Westinvest money will be used on?</p> <p><b>Ms WILKIE:</b> Not to my knowledge, but I look after the economic and strategic productivity area of the department. This sort of issue will actually go through Expenditure Review Committee [ERC] processes, which is under a different area of responsibility in the department. I am afraid I will have to take that question on notice.</p>
	<p><b><u>RESPONSE</u></b></p> <p>WestInvest will be governed by its own set of guidelines and assessment criteria to determine which projects will receive funding.</p> <p>No decision has been made regarding which individual projects will be funded by WestInvest.</p>
p. 3	<p><b>The Hon. DANIEL MOOKHEY:</b> Did Treasury recommend the establishment of Westinvest?</p> <p><b>Ms WILKIE:</b> That goes to issues that are covered by Cabinet-in-confidence material, Mr Mookhey, in terms of—</p> <p><b>The Hon. DANIEL MOOKHEY:</b> Okay. I will not press you, Ms Wilkie, I appreciate that. Can I just then ask: Where is the \$5 billion coming from?</p> <p><b>Ms WILKIE:</b> Again, this is not—I will have to take that on notice.</p> <p><b>The Hon. DANIEL MOOKHEY:</b> The Treasurer was asked this at the press conference and he made some reference to some distributions from the NSW Generations Fund, which was a bit of a surprise because I do not think the Generations Fund legislation allows that to be used for this purpose; it only allows it to be used for debt clearance. Is this just money that is already in the budget that has just been given a new brand name or is it actually new money?</p> <p><b>Ms WILKIE:</b> I will have to take that on notice.</p>
	<p><b><u>RESPONSE</u></b></p> <p>The Government has approved an envelope of \$5 billion for WestInvest to support investment in economic, social, and green infrastructure projects of all scales in Western Sydney.</p> <p>The Government will direct the \$823 million in transfer duty from the sale of WestConnex to WestInvest. The Government will fund the remaining projects as they are approved from the consolidated fund.</p>
p. 4	<p><b>The Hon. DANIEL MOOKHEY:</b> I have two more questions on this before I pass to my colleagues, but we might return to this later. Is this a special purpose account? What is the legal form of Westinvest?</p> <p><b>Ms WILKIE:</b> I will have to take that on notice—</p>

	<p><b><u>RESPONSE</u></b></p> <p>Governance arrangements for WestInvest are under development.</p>
p. 4	<p><b>The Hon. DANIEL MOOKHEY:</b> Thank you, Chair. Ms Wilkie, did you want me to restate the question?</p> <p><b>Ms WILKIE:</b> I believe I answered it. You were asking about the legal status of the fund.</p> <p><b>The Hon. DANIEL MOOKHEY:</b> Sure. Restart NSW has its own legislation and its own governance requirements for the money to be used. Can we at least expect that Westinvest is going to have its own law?</p> <p><b>Ms WILKIE:</b> Mr Mookhey, Westinvest and these sorts of structures and arrangements are not in my area of responsibility of the department. I will have to take this on notice for you.</p> <p><b>The Hon. DANIEL MOOKHEY:</b> I appreciate that, Ms Wilkie. My final question refers to the design of this. I have, from the publicly available information, the local government areas [LGAs] that are eligible to nominate projects. The one that is missing is Bayside Council, despite Bayside Council being an LGA of concern that has been subject to special rules. Was there a particular reason why Bayside was excluded and did Treasury recommend to exclude Bayside?</p> <p><b>Ms WILKIE:</b> I will have to take that on notice, Mr Mookhey.</p>
	<p><b><u>RESPONSE</u></b></p> <p>Governance arrangements for WestInvest are under development.</p> <p>WestInvest has been established to support medium-term economic recovery and make a real difference to quality of life for the people and communities of Western Sydney through economic, social, and green infrastructure projects of all scales. For the purposes of WestInvest, Western Sydney is defined as the following LGAs:</p> <ul style="list-style-type: none"> <li>• Blacktown</li> <li>• Blue Mountains</li> <li>• Burwood</li> <li>• Camden</li> <li>• Campbelltown</li> <li>• Canterbury-Bankstown</li> <li>• Cumberland</li> <li>• Fairfield</li> <li>• Hawkesbury</li> <li>• Hills</li> <li>• Liverpool</li> <li>• Parramatta</li> <li>• Penrith</li> <li>• Strathfield</li> <li>• Wollondilly</li> </ul>
pp. 4-5	<p><b>The Hon. JOHN GRAHAM:</b> Thank you, Chair. I might just continue those questions to Ms Wilkie. The Treasurer revealed this package had been under development, as it was announced, for six months. But as you have indicated, there is very little detail at the moment. Has Treasury been involved in this planning for six months?</p> <p><b>Ms WILKIE:</b> Mr Graham, I believe the Treasurer's comment in relation to being under development for six months was not in relation to the Westinvest fund. But if you can tell me the precise source that you are quoting that from then I will be able to check that.</p>

	<p><b>The Hon. JOHN GRAHAM:</b> Perhaps on notice you could confirm when Treasury commenced work on this fund. You have indicated—</p> <p><b>Ms WILKIE:</b> But please also get the source of that statement so we can check that.</p> <p><b>The Hon. JOHN GRAHAM:</b> I am referring to the public reports of this. I am happy to provide on notice the specific ones I am referring to.</p>
	<p><b><u>RESPONSE</u></b></p> <p>The Government announced WestInvest on 20 September 2021.</p>
p. 5	<p><b>The Hon. JOHN GRAHAM:</b> One of the concerns about the funding of WestConnex was that many of the roads that lead on and off WestConnex were not funded. They were excluded from the \$16.8 billion funding. Is that what this money is going towards: funding the local roads that lead on and off WestConnex, which communities expect were funded but that the Government has not funded?</p> <p><b>Ms WILKIE:</b> I refer to my previous answer. The nature of these projects—what will be considered eligible projects—is still to be determined. We will have to take that one on notice as well.</p> <p><b>The Hon. JOHN GRAHAM:</b> Could you do so particularly in relation to dot point five as well, "Revitalising high streets"? I took this as a reference to the existing Your High Street Program, the \$15 million Department of Planning, Industry and Environment [DPIE] program. Can you confirm that is the case, that this is an extension of that program?</p> <p><b>Ms WILKIE:</b> I will take that on notice, yes.</p>
	<p><b><u>RESPONSE</u></b></p> <p>WestInvest will support investment in economic, social, and green infrastructure projects of all scales in Western Sydney. Funding will be made available for projects across the following six areas:</p> <ul style="list-style-type: none"> <li>• Parks, urban spaces and green space;</li> <li>• Enhancing community infrastructure such as local sporting grounds;</li> <li>• Modernising local schools;</li> <li>• Creating and enhancing arts and cultural facilities;</li> <li>• Revitalising high-streets;</li> <li>• Clearing local traffic.</li> </ul> <p>WestInvest will be governed by its own set of guidelines and assessment criteria to determine which projects will receive funding. No decision has been made regarding which individual projects will be funded by WestInvest.</p>
p. 6	<p><b>Ms ABIGAIL BOYD:</b> Thank you, Chair, and good morning to you all. Thank you for being here. We have just clicked over into the afternoon, so good afternoon. Perhaps I could go to you, Ms Wilkie, and just pick up on those questions my colleagues were asking in relation to the new Westinvest. The \$11.1 billion coming in for the sale of the remaining stake of WestConnex: When do you expect to receive that?</p> <p><b>Ms WILKIE:</b> I will have to take that on notice, Ms Boyd. It is not part of my area of responsibilities in the department so I do not have any information.</p>

	<p><b>Ms ABIGAIL BOYD:</b> Thank you. Is it correct that when that money does come in it will need to be put into the NSW Generations Fund?</p> <p><b>Ms WILKIE:</b> I will also have to take that on notice. It is not my area of responsibility.</p> <p><b>Ms ABIGAIL BOYD:</b> I believe you were there in estimates when this NSW Generations Fund was being discussed with Mr Pratt. He categorically told us at that time that those moneys from the sale from the second part of WestConnex would need to be put straight into the NSW Generations Fund. Do you recall that answer being given by Mr Pratt?</p> <p><b>Ms WILKIE:</b> Yes, but as I said, this is not my area of responsibility. I need to take this on notice. It is not my area to comment on.</p>
	<p><b><u>RESPONSE</u></b></p> <p>Financial Close and receipt of payment for the WestConnex transaction is scheduled to occur on 29 October 2021.</p> <p>Net proceeds (ex-transfer duty) received from the sale of the State's remaining stake in WestConnex will be deposited into the NGF - Debt Retirement Fund, consistent with s.9(1)(e) of the <i>NSW Generations Funds Act</i> (2018).</p>
p. 7	<p><b>Ms ABIGAIL BOYD:</b> I understand. Look at the statement from Mr Pratt that that money would need to be put into the NSW Generations Fund and then look at the announcement from the Premier and Deputy Premier that stated: The unprecedented boost was made possible by the State's strong financial management and asset recycling strategy, with the NSW Government today announcing the sale of its residual 49 per cent stake in WestConnex for \$11.1 billion—</p> <p>Would you agree that that statement in the press release in relation to Westinvest implies that there is new money coming into general revenue for use in Westinvest?</p> <p><b>Ms WILKIE:</b> Ms Boyd, I am not going to speculate or draw implications from material in a hearing of this nature. I will take the question on notice.</p>
	<p><b><u>RESPONSE</u></b></p> <p>Net proceeds (ex-transfer duty) received from the sale of the State's remaining stake in WestConnex will be deposited into the NGF - Debt Retirement Fund, consistent with s.9(1)(e) of the <i>NSW Generations Funds Act</i> (2018).</p> <p>The Government will direct the \$823 million in transfer duty from the sale of WestConnex to WestInvest. The Government will fund the remaining projects as they are approved from the consolidated fund.</p>
p. 9	<p><b>The CHAIR:</b> Ms Wilkie, I am going to ask you now: What has been the cost to the New South Wales State Government budget of the lockdown since mid-June? Will you provide that?</p> <p><b>Ms WILKIE:</b> We will take that on notice.</p>
	<p><b><u>RESPONSE</u></b></p> <p>Please refer to the response provided by Mr Stephen Walters, NSW Chief Economist during the hearing.</p>

p. 9	<p><b>The CHAIR:</b> Ms Wilkie, will you take on notice what, if any, assistance is being provided to individual households by the New South Wales Government to deal with utility bills?</p> <p><b>Ms WILKIE:</b> Yes, I can take that on notice. Again, payments to individuals are not the responsibility of the Treasury portfolio area. We deal with business support. But I will take that on notice for you.</p>
	<p><b><u>RESPONSE</u></b></p> <p>This question is more appropriately directed to the Minister for Energy and Environment who is responsible for assistance to individual households to meet utility bills.</p>
p. 10	<p><b>The CHAIR:</b> Ms Wilkie, I will ask you both in relation to the deferred rental payments, effectively rental debt, but also deferred mortgage payments, mortgage debt, is NSW Treasury doing any modelling to understand what the scale of that debt will be, especially for western and south-western Sydney as they come out of lockdown?</p> <p><b>Ms WILKIE:</b> The Treasury portfolio has responsibility for commercial and retail leases. So in the commercial and retail lease space, yes, we are looking into information—or looking as best we can at issues around rents deferrals and agreements between landlords and tenants through the commercial leases regulations and that sort of thing about what sort of rent debts may be accruing. But that is just in the commercial and retail lease space. We do not have responsibility for residential and mortgage debt. Although given the burden of an aggregate level of mortgage debt, the implications that will have full confidence and economic activity, we are looking at that at a very sort of high level. Again, that is not something we look at in a great deal of detail. And in both of those cases, we are interested in how that is impacting across the State. There are going to be regional impacts in regional areas, particularly those in the hospitality- and tourism-type industries where there may be particular impacts around rental debt as well. I think it is more true to say that we are looking at that issue in as much detail as we can—it is difficult to get data on that—and we are interested in the impact across the State, not just in one particular area or another.</p> <p><b>The CHAIR:</b> Do you have any figures that you can provide to us, first of all on a statewide basis, if it is limited to the commercial space, and if you have any granular data on a regional basis, can you provide that?</p> <p><b>Ms WILKIE:</b> Yes. I will have to take it on notice. I do not have that data with me. A lot of the data we are able to access on that actually comes through the Small Business Commission and their responsibility for mediation. So we will look at what we have and make sure they are no privacy or other concerns about providing that sort of data. So it may just come at a high level, rather than any degree of granularity. But we will have a look and see what we can provide.</p>
	<p><b><u>RESPONSE</u></b></p> <p>The NSW Government is committed to supporting commercial tenants and landlords impacted by the COVID-19 pandemic. The Government introduced the <i>Retail and Other Commercial Leases (COVID-19) Regulation 2021</i> (the Regulation) to re-implement National Cabinet’s Code of Conduct for Commercial Leases and facilitate rent relief negotiations. Under the Regulation, impacted parties can ask to renegotiate rent having regard to the Code of Conduct. Landlords are prevented from taking certain actions (such as lockouts) unless they have attempted to renegotiate rent and attend mediation.</p>

	<p>While the NSW Government has provided the framework to facilitate negotiations, it does not collect data on the outcome of those negotiations as they are conducted between impacted parties.</p>
p. 10	<p><b>The Hon. DANIEL MOOKHEY:</b> I might ask Treasury, Ms Wilkie and/or Mr Walters, do you know which Minister is in charge of this \$5 billion fund?  <b>Ms WILKIE:</b> I will have to take that on notice, Mr Mookhey.</p>
	<p><b><u>RESPONSE</u></b></p> <p>Governance arrangements for WestInvest are under development.</p>
p. 11	<p><b>The Hon. DANIEL MOOKHEY:</b> I appreciate that. I will not press it further in that context but I will ask just a few more questions about this matter. The other local government area [LGA] that was excluded was Georges River, despite it being an LGA of concern. They are not ineligible for it. Is there any light that can be shed as to why they have been excluded?  <b>Ms WILKIE:</b> We will take that on notice, Mr Mookhey.</p>
	<p><b><u>RESPONSE</u></b></p> <p>WestInvest has been established to support medium-term economic recovery and make a real difference to quality of life for the people and communities of Western Sydney through economic, social, and green infrastructure projects of all scales. For the purposes of WestInvest, Western Sydney is defined as the following LGAs:</p> <ul style="list-style-type: none"> <li>• Blacktown</li> <li>• Blue Mountains</li> <li>• Burwood</li> <li>• Camden</li> <li>• Campbelltown</li> <li>• Canterbury-Bankstown</li> <li>• Cumberland</li> <li>• Fairfield</li> <li>• Hawkesbury</li> <li>• Hills</li> <li>• Liverpool</li> <li>• Parramatta</li> <li>• Penrith</li> <li>• Strathfield</li> <li>• Wollondilly</li> </ul>
p. 14	<p><b>Ms ABIGAIL BOYD:</b> I have a couple of extra questions about Westinvest to the extent that you can answer them. Perhaps I will direct it to you again, Ms Wilkie, because I would like you to take it on notice if you cannot answer. In addition to those two LGAs of concern that Mr Mookhey mentioned that were not included within the Westinvest remit, we have an additional five LGAs that have not been of concern during COVID that have been included in Westinvest. Are you able to shed any light on the rationale for including those?  <b>Ms WILKIE:</b> I will take that question on notice, Ms Boyd.</p>
	<p><b><u>RESPONSE</u></b></p> <p>Please refer to the response above.</p>

pp. 15-16	<p><b>The CHAIR:</b> Thanks, Ms Boyd. Ms Wilkie, you said you were looking at some of the regional economic impacts. Do you have any data or can you provide us with any insight into how some of those regional economies, which are so tourism dependent—and I am thinking here of the North Coast, the Mid Coast and the South Coast—how they have fared as a result not only of their own lockdowns but of border closures and the lockdown in Sydney?</p> <p><b>Ms WILKIE:</b> We do have some information. As Mr Walters and I have both indicated, part of this comes from the anecdotal information that we are getting and we are eagerly anticipating future data releases from the Australian Bureau of Statistics so we can start putting some degree of rigour and quantification around that. But we do have some information that is starting to point to those areas of concern. In fact, one we do know is of greatest concern is actually the fix of the Sydney central business district. That is the most highly impacted region of any in New South Wales for some of those same reasons, including tourism and visitors from outside the area. I do not have that to hand right now in terms of that level of detail. I am very happy to take that on notice to provide you with some of the information that we do have, noting that as more data releases come out over the next six months we will have a much clearer picture.</p>
	<p><b><u>RESPONSE</u></b></p> <p>Some parts of Sydney and regional NSW have suffered larger adverse effects than others during the pandemic. Border regions like those communities on the northern and southern state borders, for example, have been particularly adversely affected, partly because of restrictions on the movement of workers across the relevant state borders, as well as the movement of goods. Parts of western Sydney also have been affected by more than the rest of greater Sydney because of the harsher restrictions that were imposed in affected LGAs, including curfews. The Sydney CBD also has experienced a disproportionate loss of activity because much of the work that normally congregates in the city can more easily be performed at home. The easing of restrictions in recent weeks should alleviate some of this burden on regional communities, although the benefits many not be uniformly spread. For example, the expected gradual return of CBD workers means the recovery in activity in the centre of Sydney probably will lag activity in the rest of the city, at least in the near term. Similarly, some lingering restrictions at state borders will remain a drag on activity in communities close to these affected state borders. That said, NSW regional communities close to the Queensland border have benefited from tourism spending that normally would have leaked north staying in NSW.</p>
p. 16	<p><b>The CHAIR:</b> Ms Wilkie, can you provide to us on notice how much has been allocated and spent under the current business support grant program and, if you can, break it down by region?</p> <p><b>Ms WILKIE:</b> Yes.</p> <p><b>The CHAIR:</b> [Inaudible].</p> <p><b>Ms WILKIE:</b> Yes. We will be able to do that on notice. The Service NSW website provides information on the amount of applications that have been paid out to date but it does not include that geographic information. So, yes, we will be able to take that on notice.</p>

**RESPONSE**

Almost \$12 billion has been committed for COVID-19 business support programs. This includes \$3.4 billion from the Commonwealth through the jointly-funded JobSaver program.

Table at Attachment A details the amount spent by Local Government Area under the JobSaver program, 2021 COVID-19 Micro-business Grant and 2021 COVID-19 Business Grant as at 8 October 2021.

**The CHAIR:** Ms Wilkie, can you provide to us on notice how much has been allocated and spent under the current business support grant program and, if you can, break it down by region?

**Ms WILKIE:** Yes.

**The CHAIR:** [Inaudible].

**Ms WILKIE:** Yes. We will be able to do that on notice. The Service NSW website provides information on the amount of applications that have been paid out to date but it does not include that geographic information. So, yes, we will be able to take that on notice.

## **RESPONSE**

Almost \$12 billion has been committed for COVID-19 business support programs. This includes \$3.4 billion from the Commonwealth through the jointly-funded JobSaver program.

The table below details the amount spent by Local Government Area under the JobSaver program, 2021 COVID-19 Micro-business Grant and 2021 COVID-19 Business Grant as at 8 October 2021.

LGA	JobSaver^	Micro-business Grant	Share of total known			
			Business Grant	JobSaver	Micro-business Grant	Business Grant
